

## Challenger

SGL system for  
ultimate durability

# SGL cubicle system for ultimate durability

## Challenger

Introducing Challenger from Dunham's, designed for durability and built to last.

Through decades of experience, Challenger has evolved into one of the most long-lasting and versatile cubicle systems available. Utilising impervious solid grade laminate panels and high quality polished aluminium hardware, Challenger is suitable for the most demanding washroom environment.

Suitable for high traffic and wet area washrooms. These can be installed as a toilet or shower cubicles made-to-measure to optimise available space. Supplied pre-drilled for easy installation.

**Popular in the following sectors:**

- › Sports & Leisure Centres
- › Campsites
- › Schools
- › Public amenities
- › Defence facilities
